1. Plans
2. Monthly or yearly
3. Activation and access rights
4. Renewal
5. Cancellation
6. Plan changes
7. Suspension

1. Plans

Plan	Ads	Images / ad	Videos	Video duration
Basic	1	3	1	15 s
Pro	3	10	1	20 s
Premium	4	15	2	20 s / video

Limits are server-enforced using the business entitlements. The user interface cannot raise them.

2. Monthly or yearly

Subscriptions may be monthly or yearly. The yearly subscription gives 12 months of access for the price of 10 months. Both renew automatically until cancelled.

3. Activation and access rights

Access depends on subscription status, recognised Stripe Price, current period end and grace rules. An active row without a valid period end does not create unlimited access. `cancel_at_period_end` keeps access until `current_period_end` unless a justified safety/moderation restriction applies.

4. Renewal

At renewal, the authorised payment method may be charged via Stripe and additional authentication may be required. A failed renewal may become `past_due` and trigger the failed-payment workflow.

5. Cancellation

A business may cancel through the panel or Customer Portal when available. Regular cancellation stops renewal and normally takes effect at the end of the paid period. Details are in “Subscription Cancellation”.

6. Plan changes

Plan changes are available only through features provided by the Platform. A user cannot change Stripe Price, quantity or pricing region directly. If a downgrade would exceed content limits, content is not automatically destroyed without an explicit rule; the business may be asked to choose what to keep or publication may be restricted until resolved.

7. Suspension

Service may be suspended for unpaid amounts after the applicable workflow, fraud, security abuse, unlawful use, false professional identity or serious rule violations. Suspension does not automatically erase data that must be retained.
